

2021-2022 Tuition Pricing Sheet

The following are the rates and estimates for the 2021-2022 dance and glee season for The Studio, LDG. This document is to just assist in setting expectations for costs associated with the dance year and are subject to change or become more definite as costumes catalogs come in. Please note that the studio has not raised rates in 8 years and due to staffing costs, location costs, and trying to recoup from the last 18 months of covid, we are going to have to have a minimal price increase this season.

***Enrollment fee (covers classes from September through August) is \$25 per student and due at time of enrollment (not considered enrolled until proper paperwork and enrollment fee is paid).

***Tuition: \$45 per month for a 1 hour/week class; additional classes for the same student are \$30 per month, for the first class and then \$25 for each additional per class. Additional family members follow the same tuition scale but the 2nd child gets a 20% discount, 3 + get a 30% discount on that student. For example...Anna takes 3 classes ($45 + 30 + 25 = 100$) and has a brother Bob who takes 2 classes ($45 + 30 \times 20\% \text{ discount} = 60$) and a sister Sara who takes one class ($45 \times 30\% \text{ discount} = 31.50$) so this family's monthly tuition would be \$191.50 per month.

Mommy and me is a 45 minute class and will be \$35/month (as will any other 45 minute class if its your ONLY class). All other 45 minute classes are add on classes and are subject to the already discounted \$25 add on.

Costumes: The best way to approximate costumes is to assume about \$55 per costume if under 10, closer to \$65 if over 10. If they are in a hip hop class, they will have one costume for this. If they are in a tap/ballet combo class, they could have 2 costumes for this. Please note...for younger children we try to find 2 in 1 costumes and discount costumes. The lowest last year was \$55 for both costumes (two in one) and the highest was \$95 for two separate costumes...the average was \$75 for both). As the kids get older, the costumes do get more expensive. Also, if your child is in lots of classes....your costume balance will be higher...if you have a 12 year old in tap/ballet, hip hop, contemporary, musical theater and lyrical...you are looking at 6-8 costumes. Please keep this cost in mind as you enroll for classes.

The goal is to have NO RECITAL FEE THIS YEAR. Tickets for recital will run approximately \$10-15. Last year recital fee helped take care of recital expenses when there were limited tickets but also included recital videos. If there is not a recital fee, videos are sold separately.

Also, if you recommend someone to the studio who enrolls and begins class and completes their first month, you get 50% off one month of dance (up to \$40.00 max savings—if more than one parent is listed, the credit is split). They have to list your name on the enrollment form to get this credit so be sure to tell them to write you down! Some parents already have credits for this year from summer students!

Please see Ms. Kim if you have any questions! Thanks!

Ms. Kim, The Studio LDG
